

**MEETING MINUTES
BOARD OF SELECTMEN**

JUNE 16, 2015

TOWN OF ALSTEAD

The Alstead Board of Selectmen met in open session on Tuesday, June 16th, 2015 at 6:00 PM at the Municipal Offices. Members present were Joel C. McCarty, Chris Rietmann, and Rock Wilson.

Minutes of the Meeting of June 16th, 2015 were read and accepted.

The first discussion was on bio solids. Tom Pratt is going to cover his fields with bio solids. Mike Jasmin was in attendance as the Health Officer. He explained that there are two companies, RMI and Casella that have this produce. The cost to the homeowner is \$0. New Hampshire is one of the most stringent states on what can be spread. The Conservation Commission is going to meet with the Casella representative on July 1st, 2015 at their regular meeting to discuss this. Anyone is welcome to come to the meeting. Then there will be a Public Hearing on the project which will be publicized.

Jodi Kercewich was in attendance to give an update on the Transfer Station. People had asked her if the Transfer Station could be open another day, so she was asking the Selectmen. After discussion, it was decided that Jodi would ask to the two part timers if they would stay a couple of hours later on Wednesday instead of opening another day, She will report back. Jodi also discussed the ewaste as well as the c&d. At this time we are making money on both. Jodi is going to make up a flyer about taking Hazardous waste to Keene and getting reimbursed by the town.

Selectman Joel McCarty reported that Sean Sweeney stated that the debris could be taken out of the dam as long as no equipment was used. Rosemarie Dowling stated that the Highway Dept. had taken it out of the dam and left it on the side. They hadn't been back to pick it up.

Bobbie Wilson reported on Vilas Pool. They are going to have a Father's Day BBQ on Sunday from noon to 7 PM. Marcello was coming to it with his two girls and they were going to have a sheet cake for him. They had also requested that they have a dumpster up there for the trash. Bobbie was also asking if the Pool could be kept open for Marge Nostrand sons wedding on October 10th. The Selectmen agreed to do that. Also they had a quote from American Parks Company for \$18,000 for playground equipment which they would like the Selectmen to sign. The Selectmen gave permission to order the equipment. Bobbie is also having brochures made up for Vilas Pool advertising overnight camping.

The AABC Committee had met and was issuing a letter asking that the Firemen and Ambulance crew get raises. Selectmen Rock Wilson brought up that he thought the AABC should be reporting directly to the Selectmen and not working independently. Sam Sutcliffe stated that the committee had been formed to do just that (work independently) and he didn't want to be on the Committee if they didn't continue to do that. He agreed that whatever the Committee was sending out should be seen by the Selectmen, but they should be able to pursue whatever they wanted.

The HR Committee had met on Thursday night. They were getting information at this time and would be coming up with answers shortly.

There is an Ambulance Meeting tomorrow night at the Village Station. The Selectmen are going to try to go to it to come up with a solution since Anton Elbers has resigned as Captain at the end of the month.

Also the turn-around at Vilas Pool has not been graveled as David said they would. The Secretary will ask David what's going on tomorrow. Also the new side door at the Town Hall needs attention.
